

## Student Placements

At Little Learners we are committed to sharing good practice with those wishing to pursue a career in childcare. We welcome students to join our staff team and gain work experience within our nurseries. We make the needs of the children paramount by not admitting students in numbers that hinder the essential work of our nurseries. We do, however, accept small groups or occasional placements when research or studies are being carried out that will be of benefit to childcare.

We will only offer placements to students who are associated with a recognised child-related course, or on occasions, pupils from local secondary schools on work experience. We offer placements only after discussions with the appropriate tutors and the establishment of close links with the college or school.

We expect all students to visit the nursery for an interview, followed by their student induction and nursery tour. At this time, students will have the opportunity to read and discuss relevant health and safety policies and sign their contract in readiness for their first day.

Our policy for those on placements is as follows:

- Any student that does not have an enhanced disclosure and barring service (DBS) will not be left alone with any children under any circumstances.
- All students are assigned to a senior member of staff who will supervise their work and explain the health, safety and fire requirements of the nursery.
- Students will be supervised at all times by the member of staff assigned to them and will not be left alone with the children.
- Students will be supported to understand nursery policies and procedures.
- We require students to keep to our confidentiality policy.
- It is expected that during the student's placement, their tutor will visit the nursery and/or have verbal communication with the Nursery Manager and/or Room Leader to receive feedback about the student's progress.
- Students will be offered support and guidance throughout their placement and given constructive honest feedback in respect of their performance. Staff will respect individual students' needs and abilities.
- An accurate evaluation of ability and performance for both students and training providers will be provided and the nursery will support students who are experiencing difficulties with action plans if needed.
- To maintain parent partnerships, parents will be informed when students are present in the nursery e.g. via the parent noticeboard. Wherever possible this will be accompanied by a recent photograph of the student.
- All students on placement must adhere to the same codes of conduct as permanent staff including time-keeping and dress codes.
- All students are encouraged to contribute fully to the nursery routine and to spend some time in every area.
- In some cases, we may include students on long-term placements (aged 17 and over) and staff working as apprentices in early education (aged 16 and over) in our staff: child ratios. This will be the discretion of the manager and only will occur when the manager is satisfied the student/apprentice is competent and responsible.

This policy meets the requirements of the Statutory Framework for the EYFS 8<sup>th</sup> December 2023.
